It was interesting the meeting in order to exchange and try the models. Also talk with the team and exchange our point of view about the VX project

Did the discussions focus on the strategy and development of VR-Projectx' objectives?

Only if necessary

No at all

We had the information related to each item well in advance of the meeting.

As member of the host group I find that we could have ensured better internet connections to optimize activities

I believe this a great project with a great team. Looking for final results, for sure a good contribution
